

For Seniors, a Safer & Healthier Connecticut

The regular 2009 legislative session has ended. Although the General Assembly is still at the State Capitol working on the state budget, we did advance several pieces of legislation during the regular session that will help our citizens.

Outlined here are few key bills that will make Connecticut a healthier and safer place for seniors. As always, I look forward to hearing from you if you have questions or concerns about this year's legislative session, the budget, or any other matter.

For seniors, a safer & healthier Connecticut

PREVENTING FINANCIAL CRIMES AGAINST SENIORS

To protect seniors from fraudulent marketing practices, we prohibited financial consultants and life insurance agents from advertising that they are certified to advise seniors unless they have completed a qualified training program or meet state standards for certification.

PROTECTING PATIENTS AT NURSING HOMES

We expanded the Nursing Home Bill of Rights to prohibit the solicitation of gifts or donations as a condition of admission for all patients and extending that protection to third parties, such as families and friends.

EXPANDING ACCESS TO AFFORDABLE HOMECARE

New rules expand access to affordable personal care assistance under the Connecticut Homecare Program for Elders. This program can provide assistance with daily living activities and help many seniors remain independent in their homes rather than enter a nursing home.

INSURING ACCESS TO DISCOUNT PROGRAMS

To make sure that seniors can take advantage of all discounts offered to them by businesses, stores must now have a prominent sign at the cash register, store entrance or point of display stating their discount policy, including the qualifying age and discount percentage or dollar amount.

LOCATING MISSING SENIORS

Connecticut now has Silver Alert, which is modeled after the Amber Alert system for missing children. This will help locate missing seniors and mentally impaired adults by broadcasting an emergency missing persons notice to radio and television stations through the Emergency Alert System, as well as through 2,800 CT Lottery system retailers and electronic billboards.
