

# REP. CHAFEE: FIGHTING FOR A HEALTHY CONNECTICUT

While our communities have faced devastating hardship this year, we are beginning to see brighter and stronger days ahead. We should be proud of the fact that Connecticut has been one of the best performing states in our nation dealing with the Covid-19 pandemic. Despite this, many in our community are still struggling and we must make smart choices to ensure that we come out of this stronger than ever. I have been working tirelessly to make sure that our state makes the types of targeted investments to put us on a path to full recovery.

I've highlighted a few pieces of legislation that the House of Representatives have passed this year, along with a few items that I'm personally endorsing.

Please reach out to me at any time for more information.
