YOUR VOICE AT THE STATE CAPITOL

As your state representative, I look forward to continuing to serve you in the CT General Assembly in Hartford. It is my goal to always work to move our state toward a more fair and just society.

Below is a brief list highlighting some of my priorities during this session. If you have any questions or need any assistance, do not hesitate to contact me.

Real Tax Reform

Despite calls for temporary solutions like suspending the gas tax, I'm fighting for permanent and systemic reform for workers and retirees:

- More tax breaks for retirees
- Childcare tax credits up to \$600 per child
- 1% capital gains tax on the wealthy
- Sustained tax breaks for our lowest income residents through Earned Income Tax Credit

Protecting the Environment

It's our shared responsibility to protect our natural treasures and ecosystems

- Lower emissions while investing in electric vehicles, public transit, and more efficient traffic signals
- Better regulate pesticides on golf courses and around our lakes and ponds
- Protect hawks and other wildlife by curbing use of rodenticides

Investing in Infrastructure

With \$5.4 billion in federal money over the next decade, we must:

- Promote economic growth
- Increase public transit efficiency
- Ensure sustainability and resiliency
