

UPDATE FROM REPRESENTATIVE ROBIN COMEY

The 2022 legislative session is underway and I would like to hear from you!

Connecticut faces many challenges, particularly in light of the pandemic and I'd like to know your views on all the various issues facing our state. I hope you will take a few minutes to complete my online survey to help me better represent our district at the State Capitol. Your voice informs the decisions I make as your State Representative throughout the session.

REPRESENTATIVE COMEY BRINGS STATE FUNDS TO BRANFORD

I AM PROUD TO HAVE SECURED A GRANT FOR

\$750,000

FOR THE SHORT BEACH HISTORIC DISTRICT
TRAFFIC CALMING PROJECT

The grant, part of the Bond Commission Urban Act funding, will fund improvements on Route 142 through the center of Short Beach encompassing the Shore Drive portion of Rt. 142 from Double Beach Road to the East Haven town line at the Farm River, including crosswalks, sidewalks, lighting, curbs, signage and landscaping.

The safety of the residents of Short Beach and the pedestrians, bikers, and motorists who travel this busy corridor has been of great concern for as long as I can remember. I've been working with the neighborhood and Civic Association of Short Beach for more than a decade on these quality of life issues. With the recent designation of the area as an Historic District on the National Register of Historic Places, the timing for this funding is perfect. I am looking forward to seeing this project get off the ground and incorporating elements that will improve traffic flow and prioritize pedestrian safety.
