PROTECTING OUR SCHOOLS

Dear Friend,

Earlier this year, I voted in favor of a truly bipartisan budget agreement that passed both the Senate and House with an overwhelming majority and was signed into law by the governor.

Ending this stalemate is an important step forward for our communities and our state. I've worked hard with members on both sides of the aisle to ensure that this budget is fair to our district, protects towns from devastating cuts, maintains vital social services, and invests in the growth of our economy.

I also successfully fought to include priorities for our district in the budget, including a fairer education funding formula. I have appreciated all of your feedback throughout this session, and my office is always open to you.

Sincerely,

PRSR STD

SCHOOL CONSTRUCTION GRANTS

The Town of Ledyard had two school construction grants approved by the Department of Administrative Services. Ledyard Middle School was approved for a \$22,410,905 grant and Ledyard Gallup Hill School was approved for a \$17,985,569 grant. These grants are crucial to school construction projects as they help keep property taxes down while guaranteeing our kids go to safe, secure and modern schools. Funding for school construction in Ledyard is one of the most important things for the town. In the past few years this project was passed over for funding time and time again. These grants help ease the anxiety that was caused by the costs of the project. I am pleased that we were able to work together and secure this funding to provide Ledyard with the schools they deserve.
