WHAT WE ACCOMPLISHED IN 2024

- Created a fund to maximize public and private investments in childcare and early childhood education programs
- Strengthened the workforce through wage enhancements for over 4,000 childcare teachers and workers
- Piloted new tri-share program that brings together state and employer funding with local families

WHAT WE NEED TO GET DONE IN 2025

- Deliver more funding for families to reduce childcare costs
- Attract and retain early child care educators with increased pay and health insurance
- Create new and update current childcare facilities
