

Your Healthcare Dollars Working For You

I believe that quality healthcare is our human right, not a privilege doled out based on wealth. Sadly, accessible and affordable healthcare is being attacked by ideologues who would shred the safety net so the rich and super rich can get more tax cuts. I can work and have worked to ensure the state does their part to provide healthcare for you in Danbury.

This past March, the Connecticut Mission of Mercy brought its free dental clinic to Danbury, with the support and assistance of Western Connecticut State University. Thousands of people got their teeth fixed. I'm so proud and grateful to the many dentists, dental technicians and hygienists, and the uncounted other volunteers who made this happen. Thank you!

But that's not all. This newsletter is about three clinics here in Danbury with which I have worked to get state funding for. They are available to you regardless of your health insurance status. You don't need to rely on a hospital emergency room for your healthcare. I'm happy to be a part of it.

Danbury Hospital Community Health Center

The **Seifert & Ford Family Community Health Center** brings health care services closer to the greater Danbury community. Located in downtown Danbury, at 70 Main Street, and part of the state built Danbury Hospital system that received \$29.9 million in funds. For more information and referrals, call 791-5030 or visit www.danburyhospital.org.

Community Health Center, Inc.

The **Community Health Center (CHC)** of Danbury began in 2008 with a mission to provide help, care and access to growing communities. CHC offers primary medical care for children and adults along with programs like Behavioral Health and Breast Cancer Detection. CHC has received \$1.5 million in state funds to renovate their facility located at 8 Delay St, Danbury, CT 06810. You may contact the center at (203) 797-8330 or visit www.chc1.com for more information.

Greater Danbury Community Health Center (FQHC)

The **Greater Danbury Community Health Center** covers everything from family planning services to geriatric medical care. The CT Institute for Communities non-profit organization instituted the Discounted Fee Program for uninsured patients which ensures access for all residents. The health center has received \$4 million in state funds in 2011 and is located at 57 North Street, Danbury. For more information, contact (203)-794-0761 or visit www.ct-institute.org.
