While our community has faced hardship this past year, we are beginning to see brighter and stronger days ahead. In cooperation with our federal partners, our state has a unique opportunity to leverage federal funding and make the types of targeted investments our economy needs to ensure all of Stratford’s residents can economically recover.

I’ve highlighted a few proposals the legislature advanced out of our budget committees, along with a few items that I’m personally endorsing.

Please reach out to me at any time for more information.
