

UPDATE ON PROPOSED CT LAWS

Dear Neighbor,

Our legislative session is well underway. As we work on the State's next two-year budget and how best to get federal relief dollars into the hands of those that need them, I wanted to provide you with a brief update on some items I've been working on. I'd love to hear your feedback and any ideas you have for new or different laws in CT.

Best,

STATE REPRESENTATIVE
GREGG HADDAD

MANSFIELD'S VOICE AT THE CAPITOL

EARLY AND ABSENTEE VOTING

HJ 58 Resolution Proposing A State Constitutional Amendment To Allow No-Excuse Absentee Voting

HJ 59 Resolution Approving An Amendment To The State Constitution To Allow For Early Voting

We made no-excuse absentee voting available during our presidential election and we're working with the Governor to ensure our local referendums are covered too. I'm fighting to make voting safe and easy all of the time, not just during pandemics.

FIGHTING HUNGER ON COLLEGE CAMPUSES

House Bill 6229 An Act Addressing The Needs Of Food-Insecure Students At Public Institutions Of Higher Education

Our colleges need to work together with our Department of Social Services to ensure that no student goes hungry. Using financial aid data, we can get food assistance to the students who need it most.

FREE COMMUNITY COLLEGE

House Bill 6404 An Act Funding The Debt-Free Community College Program

I've worked hard to establish Free Community College in our state and now it's time to fund it.

FIGHTING CLIMATE CHANGE

Senate Bill 882 An Act Concerning Climate Change Mitigation And Home Energy Affordability

Senate Bill 931 An Act Concerning Emissions Standards For Medium And Heavy Duty Vehicles

Senate Bill 952 An Act Concerning Certain Solar Energy Projects

There's no one fix for the climate challenges we face. Ambitious GHG goals, tougher emissions standards, building out renewables like solar, and home energy efficiency are all major priorities of mine.
