COVID-19 UPDATE FOR EASTON, WESTON, AND REDDING RESIDENTS

FROM YOUR STATE REPRESENTATIVE

Anne Hughes

135th House District

Connecticut started its COVID vaccine rollout with our first doses going to health care workers, senior residents and staff of nursing homes and congregate settings. The rollout has since been expanded to medical first responders and individuals 55 and older. The Governor's plan for eligibility expansion includes vaccinating school and childcare staff as well as vaccinating by age, lowering the age limit every three weeks. Stay safe and vigilant, and check in on your neighbors and loved ones who are isolated. We're not out of the woods yet, but can see the light of Spring!

In this newsletter, I've compiled information on testing sites, resources for families and businesses, and all-around helpful info in case you or someone you know falls on hard times. Contact me anytime so that we can get you and your family the results that you deserve.

Sincerely,

Anne Hughes
