Dear Neighbor:

Spring has sprung and Connecticut is on the home stretch of the 2021 legislative session!

I have been working hard since January to learn as much as possible in my new role as your state representative, so that I can serve you and our community to the best of my ability. Between listening to constituents and reading surveys, one thing that stands out to me is that finding the resources you need is sometimes difficult. To address that, I am sharing some departments and services you may find helpful.

As always, please feel free to reach out to me anytime with your thoughts or concerns, or if you are in need of assistance. I appreciate hearing from you and am always here to listen and help.

Best,
