Dear Mill Hill Neighbors,

I want to introduce myself; if you don't know me, I am the newly sworn-in State Representative, Jennifer Leeper.

I know one local issue of concern is the proposed development at 461 Mill Hill Terrace. I understand and appreciate the concerns that have been raised. As you know, these are local zoning decisions. I am grateful for the work that our First Selectwoman is doing on this issue and have made myself available to her in any way that I can be helpful. In addition, I am working with the Vice-Chair of the Housing Committee for a review of the impact of 8-30g. Currently there is a freeze on making substantive changes to that law. However, next year, when that agreement expires, I expect a robust conversation on the matter.

In addition to this issue, I am actively working on legislation to improve our business climate, support our school system, and respond to the pandemic. If there is ever any issue you feel I can help with, please reach out anytime.

Sincerely,

Please follow me on Facebook to hear what is going on at the State Capitol.
