

Helpful Services And Information For East Haven Residents

Dear Friends,

The 2013 legislative session is now completed and I was proud to work hard on behalf of the residents of East Haven on ways to improve our community and all of Connecticut.

As a member of the East Haven legislative delegation, I was able to increase local aid to East Haven, gain additional funding for our schools and help support increased dollars for local businesses and job training opportunities for our neighbors.

We were also able to pass important new laws to combat illegal ATV and Dirt Bike riding, protect our shoreline from future climate change related weather events, and support our non-profit community.

I also wanted to provide you with some information and phone numbers for state services that I hope you will find useful.

All the best,

Roland Lemar
State Representative
