HELPFUL SERVICES & PROGRAMS IN NEW HAVEN

Dear Neighbor,

The 2016 legislative session is about to end and I have heard from many of you about the issues you care about. As your representative, an important part of my job is to listen to your input on legislation and provide you with information on services and programs in our area that you may find useful. This mailer includes contact information for several different organizations that can provide you with assistance. It is also a convenient card to keep on your fridge for future reference!

If you should have any questions, concerns or ideas regarding matters of the state, please feel free to contact me at 800.842.8267 or send an email to Roland.Lemar@cga.ct.gov.

Sincerely,

LEGISLATIVE UPDATE

The legislative proposals that I am making priorities this session are based on my conversations with all of you. Here are a few highlights:

Paid Family Medical Leave - Connecticut was the first state to pass the original Family Medical Leave Act. Now it's time to ensure that employees in our state can take time off to address personal or family issues without suffering any economic consequences for doing so.

Increase in Municipal Aid and Decrease in Car Taxes - As a part of comprehensive tax reform passed last year, we will increase aid to communities and cap car taxes.

Increase in Educational Funding - I am proud to support the continued increase in funds for education, in the way of general and construction grants, because I firmly believe in investing in our children's future.

Increase in Transit Funding - It is essential to keep Connecticut moving by supporting legislation to assist rail and bus services as well as improving bike and pedestrian infrastructure.
