

Dear Friends and Neighbors,

I will be hosting a rabies vaccine clinic with the Connecticut Humane Society on August 29th right here in town. Bring your pets by Woodrow Wilson Middle School between 10 AM and 2 PM to keep them up-to-date on their rabies vaccines.

Please note that the Connecticut Humane Society recommends that dogs and cats receive a rabies vaccine every three years following their initial vaccinations. If you are seeking a three year vaccination for your pet, please bring proof of a valid rabies certificate with you. While at the clinic, dogs must be on leashes and cats in carriers.

Hope to see you there,

Matt Lesser
