Thanks to sound budgeting, the 2025 legislative session delivered targeted, meaningful relief and long-term support for working families through fairer tax policies while passing a balanced budget and achieving the second-largest surplus in state history.

Amy

To help lower electric costs, we moved charges out of your electric bill, strengthened oversight of new charges, eliminated unnecessary industry subsidies from our clean energy investments, and paid down COVID-era utility debt using state financing.

We created a refundable \$250 per filer for families with children, built on the Earned Income Tax Credit (EITC) framework.

We launched a tax credit for employers who contribute to their employees' CHET accounts—making it easier for families to plan for the cost of higher education.

We helped first-time home buyers save money through new tax-free savings accounts.

We secured over \$151 million in state reimbursement funding for school construction, for the renovation of two elementary schools and the construction of a new one.

We brought \$500,000 to the Wethersfield Early Childhood Collaborative, \$400,000 for the Wethersfield Senior Center, \$100,000 for the Old Wethersfield Shopkeepers Association, and \$10,000 to the Wethersfield Historical Society.
