Dear Friends,

It has been my pleasure to begin serving the people of Southington this session and bring your concerns to Hartford. Among my goals as a Representative is to be an effective resource to my constituents, not just on the issues, but also to mediate between you and state agencies. With economic strains impacting us all, information about these programs has never been more important.

My office is available to help connect residents to social services and programs to help individuals and families stabilize and improve their lives. If you need assistance please write, call, or email me.

Sincerely,
