

# REP. REYES: BRINGING BACK CONNECTICUT'S ECONOMY

**"It is a privilege and honor to pull together for the greater good and work hard for the people in the communities that we represent. We understand the difficult times we're in and it's in these times we need to be more creative."**

While our communities have faced devastating hardship this year, we are beginning to see brighter and stronger days ahead. With a new administration in the White House, our state has a unique opportunity to leverage federal funding and make the types of targeted investments that our economy needs to ensure all of Waterbury's residents can economically recover, and are on a path to prosperity.

I've highlighted a few proposals that were included in the budget – signed by Governor Lamont – which received bipartisan support, along with a few items that I personally endorsed.

Please reach out to me at any time for more information.
