EMERGENCY INFLATION RELIEF SECURED THROUGH APRIL 2023

As your state representative one of my most important tasks is listening to you and our neighbors. During the last year we have all felt the impact of rising prices on such necessities as groceries, gas, and housing.

The resounding community response: address inflation.

So, we got to work and met for a special session at the end of 2022 to deliver relief to your pocketbook. I encourage you to take time to read about what we did and learn more about the resources that are available to you.

WHAT WE DID:

- Extended gas tax cut through April 30th
- Extended free bus service through March 31st
- Funded over \$30 million in emergency fuel assistance
- Delivered premium pay benefits to over 150,000 frontline, essential, private-sector workers who worked during the pandemic
