

GASLAND

PART II

coming to Earthplace!

Tuesday, December 3, 2013

Join us for a special screening of *Gasland II*, a documentary about the personal and environmental dangers and implications of fracking or hydraulic fracturing, the controversial method of extracting natural gas and oil.

Come early for a wine and cheese reception. Stay late for a Q&A with Toxicologist Dr. David Brown and State Representative Jonathan Steinberg, both local experts and activists on the topic of fracking.

- 6:30pm Reception courtesy of Organic Vintages and The Fresh Market.
7:00pm *Gasland Part II* Screening
8:30pm Q&A with David Brown and Jonathan Steinberg

This event is FREE! But space is limited, so please register at www.bit.ly/EPGasland2
Please consider a donation with your registration to help us continue to provide great events like this.
