

Transform CT

Connecticut's Long-Term Transportation Plan

...Your Voice Matters

TransformCT is an 18-month public input process that will provide a framework for improvements to Connecticut's current transportation system. The upcoming forum is an opportunity for you to have a voice.

I encourage you to check out www.TransformCT.org, learn about the project, answer questions, and begin to envision a 21st century transportation system without traffic jams and troublesome commutes.

Hope to see you on May 29th.
