YOUR VOICE IN THE STATE HOUSE

As your State Representative, I look forward to continuing to serve you in the CT General Assembly in Hartford. It is my goal to make Connecticut a better place to live, work, and raise a family.

This session, I am tackling numerous bills on important issues. I have a proven track record of success and believe strongly in what I fight for.

As always, please do not hesitate to contact me if I can be of assistance to you or your family. It is an honor to serve as your State Representative, and I look forward to hearing your feedback on how we can improve Connecticut for all of us.

Best,

LEGISLATION

STATE REP. ELLIOTT IS FIGHTING FOR:

Adjusting Fiscal Guardrails

- Improves Connecticut's budget calculations for more accurate inflation adjustments.
- Refines spending limits and creates a consistent method for tracking revenue.
- Includes economic impact analyses for state borrowing, strengthening fiscal stability and transparency.

Refundable Child Tax Credit

- Introduces a refundable child tax credit for tax filers below certain income thresholds.
- Provides financial support to families with children, easing the cost of raising children.
- Reduces income tax strain on working households.

Reproductive Rights Legislation

- Protects the right to make personal reproductive health decisions.
- Ensures access to contraceptives, abortion, and related services without government interference.
- Safeguards privacy rights and bodily autonomy, reaffirming personal choice.

Medical Aid in Dying

- Provides a regulated process for terminally ill patients to request medication to end their life.
- Requires physician confirmation of diagnosis, patient competency, and voluntary request.
- Only the patient can initiate the request, with strict penalties for fraudulent activity.
- Mirrors laws in eight other states, ensuring careful decision-making and oversight.

Food Waste Recycling & Donation

- Requires businesses (supermarkets, wholesalers, institutions) to recycle food scraps and donate surplus food.
- Diverts waste from landfills and ensures excess food reaches those in need.
- Promotes sustainability, reducing environmental impact, and benefiting the community and the planet.
