YOUR VOICE AT THE STATE CAPITOL

STATE REPRESENTATIVE MARIA HORN

“I look forward to taking on the issues important to our communities, like protecting our natural resources and public lands, improving internet access and providing better mental health care, especially for kids. As House Chair of Public Safety & Security, I remain committed to working with and improving law enforcement in Connecticut.”

MY COMMITTEES:

- Public Safety & Security, House Chair
- Environment
- Energy & Technology

MENTAL HEALTH

We've faced many consequences of this pandemic, but its toll on our residents' mental health, especially that of our youngest, needs to be met with better and more affordable care.

INTERNET ACCESS

Last year, we invested in mapping, state regulation, and planning – laying a good foundation. But we still need to deliver for our residents, especially out here in the Northwest Corner.

ENVIRONMENT

Keeping our state beautiful while tackling the challenge of responsibly handling our solid waste remains a top priority.
