A discussion of future infrastructure projects

April 11 • 5:30 – 8:00 PM

Harry Bennet Branch Library, 115 Vine Road, Stamford

Over the next few years, the State of Connecticut will spend tens of millions of dollars to **improve our transportation infrastructure, from local roads and bridges to Metro-North to I-95**. To learn more about the many upcoming projects, I have asked the Department of Transportation to come to Stamford and discuss its plans. They will **highlight three projects but will be open to all questions** and concerns. I hope you can make it out and join me.

- Replacement of Atlantic St. railroad bridge overpass
- Replacement of US 1 bridge over the Noroton River
- Rehabilitation of US 1 bridge over I-95
